

Quick – Safe – Trustworthy

Alfa Aviation has been operating successfully since 2001 from the following three airports: Lugano, Samedan/ St. Moritz and Zurich.

Our pilots are licensed to land on the alps with experience of up to 10'000 flight hours and they will take you safely and comfortably to your destination.

The **A 109 Power** is a modern civil helicopter with high cruising speed. Up to date technology with weather-radar, cartographic GPS Navigation system and «On-board camera» with «Terrain display» give even more comfort and security to our passengers.

Alfa Aviation flies independently according to your personal desire of flight times and destination.

We serve all official airports and private heliports. We co-operate with private Jet Airlines and organize a connecting service with scheduled and private jets.
